

BLACK LINE™

NEW MUDGUARD SIZES

New smaller sizes with black line. Made of PE-HD (high density polyethylene) with a large range of usage temperature and excellent chemical resistance. Strong against wear & tear and light in weight.

New sizes available Q3/2023!

STRAIGHT SPAT

NEW DESIGN FOR THE SPAT

The Parlok SPAT product family is growing with new sizes. The straight SPAT is very easy to fasten with just screws though the top and no additional support is required.

New sizes available Q4/2023

WIDTH	HEIGHT	WIDTH	HEIGHT
260	400	600	610
450	400	680	670
450	640	720	670
450	720		

NEW MUDFLAPS

Integrated plastic hinge allows the flap part of an approved anti-spray to fold up in the rear-axle mudguard for tipper vehicles.

Available Q1/2024!

OFF-RDTM

Parlok OFF-RD™ Mudguards are designed for demanding use in various agricultural and industrial vehicles and construction machines. There is a wide range of mudguards available with various sizes to choose from.

Available Q4/2023!

AERO PANEL

NEW AERO PANELS REDUCE EMISSIONS

The Parlok Aero panels for sideguard system's function is to reduce the turbulence under and drag behind the trailer by directing the airflow more economically past the trailer. It is made of polypropylene PP. According to CFD simulations and track tests the Parlok sideguard comes up to 13% in drag reduction and over 5% in fuel consumption measured for a combination of towing vehicle with standard semi-trailer. The height of the Aero panel is 720 mm while the length can be customised. Standard delivery is in 1600 mm parts that can be combined as needed. Thickness of the Aero panel is 4 mm.

Available Q4/2024!

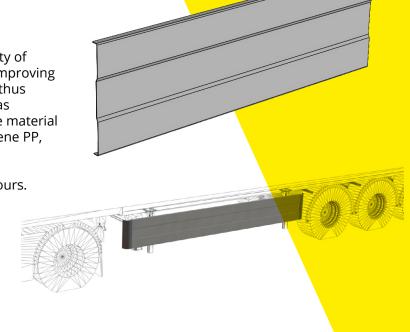

COVER PANEL

NEW LOOK FOR YOUR VEHICLE

Parlok provides you with a variety of cover plates all contributing in improving the vehicle's aerodynamics and thus resulting in fuel savings as well as reduction of CO2 emissions. The material of the cover panel is polypropylene PP, thickness 3 mm.

Measurements: 500 x 1600 mm. Available in Parlok standard colours.

Available Q2/2024!

TOOLBOXES

STAND OUT WITH THE TOOLBOX

The Parlok toolboxes are made of high quality polyethylene (PE-HD) a 100% recyclable material. They are light in weight, easy to fit on to a vehicle and we offer a wide range of sizes. The toolboxes are lockable with a multipoint rotary lock or with accessories for a padlock. New design for the cover for sizes 700L and 800 will be introduced in 2024. Available in black and silver.

Available Q4/2024!

BLACK LINE AND COLOUR LINE

Parlok offers a wide range of full black mudguards as standard (see parlok.com). All mudguard sizes can be produced also in other colours, e.g. MILSPEC.

Available Q1/2023!

SHEET PRODUCTS

MATERIAL FOR VARIOUS NEEDS

With a fast and flexible delivery time we manufacture sheet products of various sizes, made of high-density polyethylene PE-HD and polypropylyne PP. Sheet products are available in a smooth finish in a variety of colours and sizes.

Available Q1/2023! Later in 2023 we will have the possibility to even more efficiently process PE-HD and PP sheet with CNC milling.
